Dear Art,

RE: Flats 1-135 The Habitat, Woolpack Lane, Nottingham, NG1 1GH / NG1 1GJ / NG1 1GU - EWS1 FORM

Please find accompanying this letter an EWS1 form, completed by myself, covering The Habitat.

MAF Associates are BAFE SP205 Certified independent fire risk consultants. We specialise in façade fire risk assessments. The original report and onsite assessment were completed by Michael Fox. As a Member of the Institute of Clerks of Works and Construction Inspectorate (ICWCI) as detailed within MHCLG Information Note 1 Annex A – Professional Advisors Michael is classed as a Professional Advisor.

I validated the initial report. I have over 18 years of experience in Technical Safety, Safety Systems, Loss Prevention, Health & Safety, and managing HSE. I have a B.Eng. (Hons.), Mechanical Engineering from Buckinghamshire University and an M.Sc.(Eng.) Process Safety and Loss Prevention from the University of Sheffield.

I am a Chartered member of the Institution of Engineering and Technology (MIET) and hold membership of the Institution of Fire Engineers (MIFireE).

My assessment is that the referenced building achieves a B2 rating.

We trust that this letter will satisfy your requirements, but should you have any questions or wish to discuss this matter further please do not hesitate to contact us.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Tom Whittaker', with a horizontal line underneath.

Tom Whittaker CEng MIET, MIFireE
